

**Survey of State and Regional Promotion Program 2005 Expenditures on Dairy Products
For
The Annual Report to Congress on The National Dairy Promotion and Research Program**

Organization Name: _____

Please provide quarterly expenditures spent directly by your organization in the categories listed below to the fullest extent possible. Indirect costs such as compensation costs, administrative expenses, and industry relations costs, and research costs should not be included.

Advertising expenditures for television, print, and radio should be combined, and any production costs should be included.

Non-advertising demand enhancement expenditures mean non-media based strategies aimed at selling more dairy products, such as public relations, retail and food service promotions, and nutritional education programs. Expenditures should be reported based on when the events/activities occurred rather than when payment was made to reflect when consumers were exposed to the promotion activity.

National Implementation Fund should reflect the annual amount of dollars forwarded to Dairy Management Inc. for their application towards the **Unified Marketing Plan** (UMP). UMP dollars spent locally by your organization should be allocated to your organization's quarterly expenditures.

2005 Expenditures (\$1,000)

	Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total
